REMARKS SECTION

Agni Health is a direct-to-consumer telehealth practice operated under Sohan Japa MD LLC, a California LLC (formed 11/01/2021, EIN 87-3422672), doing business as "Agni Health." The practice provides virtual metabolic health management services — including prediabetes, diabetes, metabolic syndrome, and obesity — exclusively to patients physically located in California via the Healthie telehealth platform.

>

Dr. Japa maintains active attending/affiliated status at Mount Sinai Hospital (New York) and VA San Diego Healthcare System, both of which carry institutional malpractice coverage covering those activities. This application covers only his independent solo telehealth practice under Agni Health.

>

Prior malpractice coverage was provided through institutional policies (Mount Sinai Health System Self Insurance Trust / VA). No personal tail coverage is being purchased as this is a new independent policy with no prior acts overlap.
